Take care feel better

The full range of hernia support and containment briefs

The most amazing effect of the Hernix **hernia support and containment line** of briefs, is the fact of always feeling protected and in good shape. Thanks to **meticulous design, exclusive fabrics**, and the choice of **popular colors**, the Hernix briefs are discrete and suitable **for any activity**, without the fear of being noticed. They sustain and compress where needed while letting the skin breathe. That is why they **can be worn all day long**.

HERNIA BRIEFS

What are they for

They are used to contain hernias where they do not exist contraindications.

What are they like

Thin and soft against the skin, they are made of exclusive cotton-based fabrics. Thanks to the appropriately shaped reinforcements, they guarantee effective containment of the hernia. Beautiful to look at and pleasant to wear.

How do they make you feel

They provide an indispensable feeling of security, freedom of movement and comfort, in any situation.

CONTRAINDICATIONS

Do not use in case of incarcerated or strangulated hernias, at an advanced stage of inflammation or irreducible.
